## THE EXPERIENCE

Anavilhanas Lodge is a small and exclusive hotel situated in the heart of the Amazon rainforest, in Brazil. Located in front of Anavilhanas, the world's largest fresh water archipelago, the Lodge is touched by the black waters of the Rio Negro ("Black River") and is blessed with the sounds, smells and mysteries of the Amazon jungle. Free of mosquitoes and nested within a vast stretch of untouched rainforest, you will experience the perfect balance between nature and comfort, adventure and peacefulness.

The architecture is in line with the regional tradition: lots of straw and suspended wooden structures, holding cozy rooms where our guests will find peace and quiet for an invigorating night's sleep. Throughout the hotel, the rustic atmosphere is derived from modern forms and contours which enhance the grace of natural materials and their functions in the structure.

The restaurant is hidden amidst the trees, but through them it is possible to behold the dark water river, so dark that it has been called Rio Negro. On the menu, you will find a blend of classic local dishes and international cuisine, prepared and served with diligence for an impeccable presentation.

The deck and pool overlook the river and are among the trees that provide shade, peacefulness and a perfect spot for contemplation. Together with the reception and the bar, you will find a rich library, comfortable chairs and gaming tables which invite the guests to relax and spend their time in good company. There is also a small floating deck which allows our guests to take a dive into the river, or to simply contemplate the quietness of the dark waters.

## ACCOMODATION

The Lodge has 22 suites (16 Cottages, 4 Bungalows and 2 Panoramics), all of them equipped with split air conditioning, single or double beds, hot and cold water, a mini-bar and an inviting balcony. In the luxury category the hotel offers four bungalows which are completely integrated with the forest. Resting on a hill ten meters above the others, overlooking the Rio Negro and the islands of the National Park, they are fitted with split AC, king size beds, 32" LCD TVs, mini-bars and hairdryers.

## SUGGESTED ITINERARY

Every day, guided tours are offered by native and bilingual guides, with options in English and Spanish. Each program is designed to contain the essence of the Amazon, taking into consideration the number of days that each guest will be at the Lodge.

Experience of 3 days and 2 nights: Designed for the traveler who would like to experience a lot, but doesn't have much time available, the two-night program offers the most essential trips for those visiting the region:

- Nocturnal spotlighting in Anavilhanas Archipelago.
- A recognition tour through Anavilhanas Archipelago
- Trailing through Mata de Terra Firme ("Firm Land Thicket").
- Visiting the Botos Cor-de-Rosa (Pink River Dolphins) and artists' workshops in Novo Airão.

## BEST TIME TO VISIT

*The weather in the Amazon is quite hot and humid, with constant rain. The region can be visited throughout the year and has two distinct seasons. The dry season occurs usually from September to December. From January to June, the rainy season, the rivers reach their highest level; boat access to various regions becomes easier, allowing navigation at the level of the canopies of several submerged trees.*

## GETTING THERE

*There are daily flights to Manaus (MAO) from any major city in Brazil, and four direct weekly flights from Miami. The trip from Manaus's airport to Anavilhanas Lodge is a 186 km drive along an asphalt road, which takes approximately 2h40.*

Experience of 4 days and 3 nights: One of the most popular options, it is perfect for those who can stay a day longer at the hotel and take better advantage of the experiences that are offered. In addition to the activities included in the "3 days and 2 nights experience", you can also enjoy:
